***5th/6th Grade Summer  
Math Fact Practice***

Practice your math facts over the summer so you are ready for math in the fall. You should complete two charts a week over the summer months. How to complete:

1. Set a timer for 5 minutes.
2. Start timer and start filling in math facts on one chart.
3. Stop working when you have completed ALL the facts OR the timer runs out. Record your time on the chart (if you did not finish, you should record 5:00 as your time).
4. Check your facts for accuracy.
5. Fill in the number you had correct out of 100.

This packet should be brought to school on the first day to turn in to Mrs. Bohning.

# Five Minute Multiplying Frenzy (A)

Write the product of the column and row numbers in each space.

(Range 2 to 12)

Week of 5/30/21
